Let PayPartners take the strain...

Paying on time, every time, is critical to ensure maximum productivity from a satisfied workforce

PayPartners: cost-effective, experienced and reliable

Special IT infrastructure for a very special service

If your company's payroll is becoming unmanageable, too costly, too time-consuming or simply a headache you could do without, then it's definitely time to use PayPartners.

Look through the following questions. If you can answer 'yes' to any of them, then PayPartners will almost certainly be able to help you:

- Is your company growing rapidly?
- Is your payroll processing department struggling to keep up with ever-changing legislation?
- Are you about to lose key payroll staff?
- Do you want to take advantage of the latest technology?
- Do you need sophisticated payroll functions, such as Pay and Bill, but are daunted by the cost and expertise required to set it up in-house?
- Are you are unhappy with your current payroll bureau?
- Do you want to concentrate on your core business and reduce administrative burdens?

You can contact us by calling freephone on

PayPartners has been providing a managed payroll service to Kinetic plc for 20 years, servicing temporary workers to over 5000 companies, so you can be confident that PayPartners can help you too.

Paying on time, every time, is critical to ensure maximum productivity from a satisfied workforce. Our specialist expertise means that we can work with a whole range of small- and medium-sized enterprises. So if you require multiple payment sessions to make irregular or ad-hoc payments - you can! We can also provide specialised skills, systems and software to the recruitment market.

#### What can PayPartners do for you?

- save you time and money with payroll services.
- remove the administration associated with payroll to allow you to concentrate on core business
- make sure you operate according to all the latest legislation.
- handle rapid changes in your company's size.
- offer you a personal service, exactly tailored to your requirements with your own IPPM-qualified payroll partner
- provide you with a robust, reliable and flexible outsourced payroll system
- offer you flexible invoicing solutions for clients in the recruitment industry
- give you precisely the management information you need, in the format you prefer - as often as you like.

#### Why should I outsource my payroll?

Our managed payroll service will relieve you of the administrative burden, and free to focus on core business

#### How can you save me money?

We have the infrastructure to handle the most complex payroll requirements. By investing heavily in resources and systems, we make sure we stay on top of the legislation and technology to provide you with the most complete payroll solution. And, because we do the investing, you don't have to. On top of that, you'll find our rates more than competitive.

#### Can you guarantee accurate and timely payroll?

Absolutely. We understand how important payroll is to your business. Paying on time, every time is vital to keeping your employees happy and productive. That's why we invest in the latest software and hardware - and we do it across multiple sites. Even in the unlikely event of a power cut, our systems will just keep running.

#### Can you keep up with rapidly changing legislation?

You will have your own IPPM-qualified payroll partner with a minimum of 5 years' experience. Our partners are all highly trained and committed to continual professional development so that legislation changes are automatically handled for you.

#### How does the system work?

- We use our systems to pay thousands of workers every week: PAYE and Limited Companies alike.
- Payroll calculations can be activated so as to make multiple payment runs in the same period, reducing the pressure of BACS cut-off times.
- For recruitment industry clients, our software can accommodate weekly and monthly invoicing requirements.
- Our software is always up to date with legislative changes such as Working Time Regulations, Working Families Tax Credits, Scottish Tax, SSP, SMP and the recovery of Student Loans.
- Our software administrators apply legislative and technical changes automatically without the need for you to spend time studying the details.
- This flexible and sophisticated system allows us to meet even the most demanding payroll processes.
